HEMISFERIC INTELLIGENCE FROM EUROPE.—  
PARIS.—The Pacific has arrived and brought the important intelligence that Russia has accepted the four points proposed by the Allied Powers, viz:

1st. That the former treaties existing between Russia and the Porte must be extinguished, and the pretensions of Russia to interests beyond her own frontier abolished.

2d. That the free navigation of the Danube be secured.

3d. That the Convention of the Straits be revised for the purpose of opening the Black Sea to the commercial and political agents of all countries and of destroying the maritime ascendancy of Russia in those waters.

4th. That the protectors of the Greek Church be merged in the common rights secured by the Porte to all its Christian subjects.

The success of Russia was doubted.

It is rumored that Schleswig has been captured.

LOUISIANA FEMALE COLLEGE.—The lecture at the L. S. Female College this (Friday), evening by Rev. Mr. Benson will commence at 7 o'clock. Admittance free.

The weather is still falling. Last evening there were 5 feet 9 inches water in the canal.

The weather yesterday was moderate and cloudy, and about dusk it commenced raining.

The Cumberland river had only 2 feet water on the shoals on Wednesday, and was falling fast.

Later at night the wind was still around to the north and it turned very cold, with a slight snow falling.

STRENGTH NOTES.—The splendid steamer Robert J. Ward leaves for New Orleans to-morrow.

THE ASCENDING CARRIER.—Frank May, the abiding carrier of the "Parramore" and Mechanics' Bank of Indianapolis, writes from Columbus, Ohio, to Col. May, his uncle and the owner of the bank, that he only took \$700, and regrets his cause extremely, that he did not contemplate leaving two hours before he departed, and has no time to return. As there is no law in Indiana for such cases, he supports the Mr. May's "get out of jail free" note.

May says, however, that the amount taken exceeds seven thousand dollars, and about two hours past the time of departure, he was compelled to leave, without any legal or without explanations.

It is believed that he was compelled to leave, without any legal or without explanations.
